

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Anchorage****Project Title:**

Anchorage - Chinook Elementary School Grounds Landscaping

State Funding Requested: \$ 25,000**House District: 27 - N**

One-Time Need

Brief Project Description:

Landscape School Grounds

Funding Plan:**Total Cost of Project: \$25,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

Chinook Elementary was originally built in the 1960's and over the years have had a couple of additions as the area grew. With the current priorities and available bonding we are way down on the list for future construction. There have been changes to parking lots and traffic patterns and where the front of the school is now it could use some major landscaping to create a warm and inviting welcome for students, parents and visitors. We feel that that initial impression of our school could be enhanced greatly by this work.

This project will be a joint effort between American Landscaping and parents, students and staff of Chinook Elementary. Materials would be purchased with the grant and then the labor would be a combined volunteer effort of the groups to complete the project.

There are two attachments. The first outlines the materials needed and their cost. It also identifies the donated time and equipment by American Landscaping. The second attachment is a rough drawing of the plans for the landscaping.

Project Timeline:

Project will begin when funds become available

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Anchorage School District

To Whom It May Concern,

This letter is to ask for your serious consideration of our request for a legislative grant for a landscaping project at Chinook Elementary.

Chinook Elementary was originally built in the 1960's and over the years have had a couple of additions as the area grew. With the current priorities and available bonding we are way down on the list for future construction. There have been changes to parking lots and traffic patterns and where the front of the school is now it could use some major landscaping to create a warm and inviting welcome for students, parents and visitors. We feel that that initial impression of our school could be enhanced greatly by this work.

This project will be a joint effort between American Landscaping and parents, students and staff of Chinook Elementary. Materials would be purchased with the grant and then the labor would be a combined volunteer effort of the groups to complete the project.

There are two attachments. The first outlines the materials needed and their cost. It also identifies the donated time and equipment by American Landscaping. The second attachment is a rough drawing of the plans for the landscaping.

Thank you for your consideration. If you have any questions don't hesitate to contact myself or the school principal, Mr. Forbes.
